

## Feel Shanghai (金粉世家)

This is a tailor shop that has specialized in making traditional Chinese clothing for the past two decades, especially “Qipao”s for women and “TangZhuang”s for men. Almost every item here features very unique designs.

Description of the photo:	Photo:
<p>All of the clothes here are made by their own designers.</p>	
<p>This is a typical Chinese top. But the rose flower pattern is very modern and stylish.</p>	

You can wear this to your party, it's very beautiful.

This embroidered dragon took them three months to finish. It is made of high quality silk. It was done by hand from start to finish.

This is one of my favorite Qipaos. I love its color and the exquisite patterns. It will hug your body for a sexy look.

The purple color will bring you a cheerful mood everyday.

Their designers also work on fusion designs that mix the east with the west.

All the fabric, buttons, collars and patterns can all be tailor-made.
